MOTIVATIONAL QUOTE BY STAFF

SMT. SUJATHA S

CO-ORDINATOR (PRE-PRIMARY)

I, Sujatha S, have started my journey of teaching in Sree Ayyappa Education Centre 33 years ago.

As I look back on my 33 years as a Pre-Primary teacher at SAEC, my heart is filled with gratitude, pride, and countless cherished memories. Teaching young children has never been just a profession for me; it has been a lifelong journey of love, patience, learning, and purpose.

When I first stepped into the classroom, I was greeted by tiny faces filled with curiosity, excitement, and innocence. Over the years, these faces have changed, classrooms have evolved, and teaching methods have grown more modern, but the joy of nurturing young minds has remained the same. Each child who walked into my classroom brought with them a unique spark, and it has always been my privilege to help that spark shine brighter.

One of the most rewarding aspects of my career has been seeing my students grow beyond the classroom. Many of them return years later as confident students, responsible adults, and even parents who now entrust us with the education of their own children.

Teaching young children has taught me invaluable lessons—patience, empathy, resilience, and the importance of seeing the world through a child's eyes.

The world through innocent eyes—every smile, every hug, every small achievement—has been a reward greater than words can express.

In these many years of service, I do so with deep gratitude to the school management, the support of dedicated colleagues, trusting parents, and above all, my dear students who have made this journey meaningful and unforgettable.

Sree Ayyappa Education Centre is not just an institution to me; it is a second home. I feel proud and grateful to have served this school for so many years and to be a part of its continuing legacy of excellence and values. I carry these memories with pride and joy.
